

10 THINGS TO PREPARE FOR YOURSELF – The contact info below has hyperlinks to websites.

1. Learn about your area's potential hazards

Local Sheriff's Dept. - <http://www.co.lincoln.or.us/emergencymanagement>

About earthquakes and tsunamis - Cascadia Community Presentation, Lincoln Co 2016

2. Maps on Evacuation Zones

Along the Coast - <http://www.oregongeology.org>

Here at Little Whale Cove - LWC Tsunami Inundation Map

3. Sign up for alerts

“Call-Em-All” - Little Whale Cove Office will inform residents (cannot call out of area phone numbers. Contact (541) 765-2489, or lwcha@lwcha.org

City of Depoe Bay has many resources and emergency numbers on DepoeBayEmergencyInfo, or sign up for NOAA Weather Alert

Lincoln Co. Emergency Notifications –Register up to 10 phone numbers to call (including out of area) for 3 types of alerts. www.co.lincoln.or.us/alerts

4. Make a Plan

With a 72 Hour Checklist

Talk to your family - FEMA Family Communications Plan

5. Meet Your Safety Captain

They visit resident homes periodically to meet neighbors and answer questions

Info and surveys are given to each resident to aid in preparedness

6. Complete the confidential survey

Return them to your Safety Captain or LWC Office

Surveys will be locked in the Safety Operations Center for emergency purposes only

7. Make a “Go Bag” Kit...

<https://www.ready.gov/build-a-kit>

Or buy one from:

Emergency Go Bag - Earthquake kit

www.RedCrossStore.org

Pack your car <https://www.ready.gov/car>

8. Attend Free Info Sessions – held seasonally at the Rec Center

9. Be On Alert

The Eclipse, Weather - Check this site for updates and links to NASA and other sources of info

Keep Watch - report intruders, campers, dangers to LWC

Office: After Hours Emergencies (non-life-threatening):

541-270-2889.

10. Be Able to Recover

Watch for emails, texts and other communications

Check in with your Safety Captain
