

## Power Outage Wednesday 12/17/25 12:35 AM - 8:00 AM

LWC Community Radio Service (CRS) monitored the situation and provided updates to Safety Captains and residents via two-way radio on Channel 15 at the top of the hour beginning at 5 AM.

## Power Outage, Thursday 12/18/25

8:04 / 2004 - Power has been restored throughout the community, at least for the time being. We know from experience that it may be intermittent, or we may lose it again as more homes are brought back on the grid.

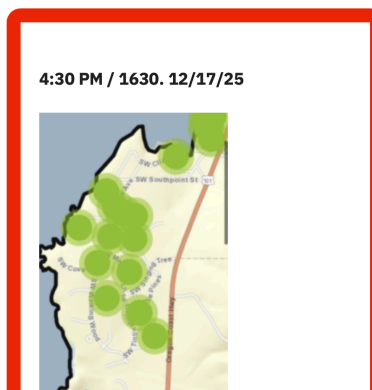

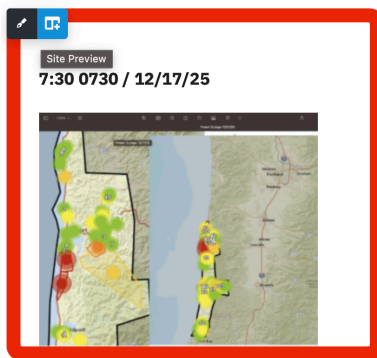

Residents are urged to remain indoors. High winds carry flying debris.

Lincoln Alerts 7:15 PM - flooding in low lying areas around Depoe Bay. Advised not to travel unnecessarily.

CLPUD has indicated that the outage is widespread and may be prolonged.

Beginning at 5 PM the LWC Community Radio Service (CRS) provided updates to Safety Captains and residents via two-way radio on Channel 15 at the top of the hour. We will have a final poll at 8 PM since crews will stop working at that time due to safety considerations. If we do not have power at that point, it is unlikely that it will be restored until morning.

CLPUD is receiving assistance from mutual aid power companies that have been assigned to our area.

4:30 PM / 1630. 12/17/25

Outages By Count				Summary	
Count	Count	Count	Count	Count	Count
102	102	102	102	102	102
2,882	2,882	2,882	2,882	2,882	2,882
41,522	41,522	41,522	41,522	41,522	41,522
